

Ninestiles School

Client:	Ninestiles School
Location:	Birmingham
Year:	2004
Total Value:	£1m
Services Value:	£0.2m
Duties:	Mechanical and Electrical Services Performance Design

Design Team:

Project Manager:	Fuller Peiser
Architect:	Rubicon
Structural Engineer:	Cameron Taylor Bedford
Main Contractor:	Coltham Construction
Electrical Contractor:	Cytra Limited
Mechanical Contractor:	Cytra Limited

Description of Project:

Due to increased student intake Ninestiles School required new classroom facilities and meeting rooms for outside events.

Our duties were to understand the Clients requirements, product performance documentation following liaison with the School and issue to tender.

The project was completed to the satisfaction of the School and all concerned.
